Notes from last week's weeks meeting... there wasn't a club meeting last week, but members did enjoy Thanksgiving with only some scrambling on tournament details.

Ramps

Our master ramp builder member, Gary Johnson, has been busy lately. Thanksgiving morning, Gary and a few helpers build a ramp in Abernathy (pic above). The ramp below was completed last Sunday in Lubbock. Also, it should be noted that the Abernathy boys are assembling a JT-2000 AmTryke for the tournament.

Bracket Meeting

Last night, several people dedicated to the success of the tournament met with several local coaches at Gary Light's office to place teams in the brackets. Many thanks to Barney, Vic, John, Karen, Brett, Gary Light, Gary Johnson and David Shires.
