## Inspiring Mobility & Independence

### Calendar

**Feb 2-**Club lunch meeting with Lubbock County Expo President Randy Jordan and Bret Lamkin

**Feb 16-**Club meeting with a speaker

**Dec 28-30-**Basketball tournament with size tbd

Notes from last week's meeting... a healthy group of over 2 dozen people enjoyed a good meal and presentation (pic below). There were several guests, including Eric Lincecum, Troy Hounshell, Greg Rodriguez, Erin Vaca, Kerry Hart and Cassie Johnston's two therapy student interns. It is likely we will get 3 members from the group that visited. Club business and basketball business was discussed. Our speakers were Carol Trigg, Toni Krebbs and Erin Vaca (former/future member) from the TTU Career Center. They spoke about the new state-funded internship program. One goal of the program is to get TTU students locally connected into the industry of their degree field. By TTU directly paying the interns \$15/hour, they remain an employee of TTU. The entire internship will be 150 hours total with a max of 20 hours per week. Lubbock business owners have no obligation to hire them after the internship is over, but it gives the potential employer an opportunity to gauge the potential of a potential future employee. After the presentation, other updates were given, including a potential video being made showing an AmTryke presentation and interviews with the mother and therapist. Before the meeting ended, everyone faced the reality of long-time member, Julie Childs, moving to Big Bend. She promised that she will come visit and be at every tournament. Before tears could be shed, the meeting ended with a strong ring of the bell.

### Notes from last week's exciting board meeting...

the board discussed the financial position of the club and possible changes. Membership dues were determined to stay at \$40/member/month including lunches and lowered to \$10/member/month for members not including lunches. A scrubbing of the membership list is in process. After a thorough scrubbing, contact info will be updated.
