March 4-Club lunch meeting in person at Saltgrass!

Dec 29-31-Basketball tournament

Notes from the last meeting... We haven't had a real meeting in a while.

Hey Mr. Caprock AMBUCS President, what is your biggest fear? Is it global warming?

Is it increasingly unsustainable national debt?

Are you as concerned as me about Kim Kardashian's future boyfriends?

Worried about Ken Paxton coming after online gambling?

Worried about being a multi-term club President and then having to build dozens of ramps in the cold?

I'm concerned that our attendance will be sparse at Saltgrass on 3/4/2021 at noon. I'm also concerned about membership levels being adequate enough to run the largest basketball tournament in the world. And also a little about Kim's future.
